Notre réf.:/Our ref.: D.l.a/83

October 1983

Dear Sirs,

Please find enclosed the documents requested - to the extent available - of 1983 Council Meeting papers.

If you require photocopies of papers which were not included in the set we are sending to you, please do not hesitate to inform us and we shall then forward them with an invoice to cover the cost of photocopying and mailing.

However, we wish to draw your attention to the following papers which were withdrawn or never received:-

- Hydrography Cttee: C:2, C:9, C:13, C:18
- Statistics Cttee: D:3, D:11, D:18, D:26
- MEQC: E:7, E:26, E:27, E:33, E:45, E:46, E:62
- Mariculture Cttee: F:21
- Demersal Fish Cttee: G:11, G:16, G:17, G:36, G:64, G:67
- Pelagic Fish Cttee: H:32, H:50, H:62
- Baltic Fish Cttee: J:14, J:29
- Shellfish Cttee: K:31, K:33, K:39, K:41, K:47
- Biol.Oceanog.Cttee: L:16, L:21, L:37
- Anacat Cttee: M:9, M:10, M:18, M:27
- Marine Mammals Cttee: N:10

Yours faithfully

ICES SECRETARIAT

O = Withdrawn

E: 26 (Papers)

Contributions to be presented at the Statutory Meeting.

-o-o-o-

Documents are coded for different Committees in accordance with their terms of reference and instructions given by the governing bodies from time to time.

In some cases, a paper is coded to one Committee and reference is made to one or more other Committees. The intention is to ensure that members of both (all) Committees receive copies in advance. The Chairmen concerned will agree as to the presentation in the Committees. Presentation of the same material in more than one Committee should be avoided.

19-31/84.

Gen - GENERAL ASSEMBLY REPORTS AND PAPERS OF GENERAL INTEREST

- Gen:1 "Observers' reports from cooperating organisations".
- Gen:2 "Some activities of the International Council for the Exploration of the Sea, 1982/83".
- Gen:3 M F Li,
Symp. V Marryatt
and A Moore "A primary report on the prevalence of erythrocytic inclusions in Atlantic coast stocks of haddock (Melanogrammus aeglefinus), pollock (Pollachius virens) and redfish (Sebastes marinus)".
- Gen:4 A H McVicar
Symp. "Method of determining Ichthyophonus-induced mortality in wild plaice (Pleuronectes platessa) populations".
- Gen:5 A L S Munro
Symp. "Are communicable diseases a significant source of mortality in exploited marine fish populations?"
- Gen:6 ICES Hydrographer "Catalogue of regularly issued marine environmental data products for the ICES area. 1983 issue".
- Gen:7 H Haskin
Symp. and S E Ford "Quantitative effects of MSX disease (Haplosporidium nelsoni) on production of the New Jersey oyster beds in Delaware Bay, U.S.A.".
- Gen:8 E Egidius
Symp. "Registration of diseases during traditional biological surveys".
- Gen:9 H Grizel
Symp. "The economic impact of disease on oyster culture, in particular that of Marteilia refringens and Bonamia ostreae".
- Gen:10 J Brock,
Symp. D V Lightner
and T A Bell "A review of four virus (BP,MBV,BMN and IHNV) diseases of penaeid shrimp with particular reference to clinical significance, diagnosis and control in shrimp aquaculture".
